- Once a month topical flea treatment for dogs 7 weeks of age or older.
- Kills fleas on dogs within 12 hours of application and prevents reinfestation.
- Controls existing flea infestations by killing adult fleas so they can't lay eggs.
- Repels and kills ticks, fleas and mosquitoes.
- Kills lice on dogs
- Kills and repels ticks on dogs.
- Kills and repels fleas before they lay eggs
- Kills fleas and ticks through contact.
- Kills and repels fleas, ticks and mosquitoes through contact, so they don't have to bite your dog to die.
- Convenient, Easy-to-apply, fragrance free topical solution
- Waterproof after 24 hours of application.

HOW TO APPLY:

Use as directed by label.

1. Remove tube from the package.
2. Hold tube in an upright position. Pull cap off tube.
3. Turn the cap around and place other end of cap back on tube.
4. Twist cap to break seal, then remove cap from tube.
5. The dog should be dry and standing for easy application. The entire contents of the K9 Advantix™ tube should be applied evenly to two to three spots for small dogs and three to four spots for medium, large and extra-large dogs, on the top of the back from the shoulder to the base of the tail. At each spot, part the hair until the skin is visible. Place the tip of the tube on the skin and gently squeeze to expel a portion of the solution on the skin. Do not apply an excessive amount of solution at any one spot that could cause some of the solution to run off the side of the dog. Do not get this product in your dog's eyes or allow your dog to ingest this product.
6. Discard empty tube as described in Storage and Disposal.

K9 Advantix™ for Dogs

PRODUCT FAQs:

How long after using another topical product do I need to wait before applying K9 Advantix™?

Please consult your dog's veterinarian for their recommendation.

How long does K9 Advantix™ last?

A single application of K9 Advantix™ keeps working for a month.

How long does it take for K9 Advantix™ to work on fleas?

K9 Advantix™ kills fleas within 12 hours. New fleas that jump on the dog from the surroundings, such as grass, carpet and pet bedding, are killed within 2 hours with protection against further infestation for at least 4 weeks.

Can my dog go swimming after using K9 Advantix™?

Yes! Your dog is free to take a dip after K9 Advantix™ has been on for 24 hours. More frequent swimming may keep the product from working for the full 30 days.
