

Dura-Start

LAMB & KID

Colostrum Replacer

Description:

Dura-Start Lamb & Kid Colostrum Replacer is specifically crafted for newborn lambs and goat kids. It is formulated to provide vital nutrition to those who may miss out on receiving colostrum from their mothers. Containing quality bovine colostrum and a blend of essential vitamins and minerals, it offers young animals premium-grade nutrition right from their first moments of life.

Ingredients:

Dried Whey Protein Concentrate, Dried Bovine Colostrum, Animal Fat (preserved with BHA and BHT), Dried Whey, Dextrose, Coconut Oil (preserved with citric acid), Lecithin, Dicalcium Phosphate, Calcium Carbonate, Calcium Silicate, L-Lysine, Natural and Artificial Flavor, DL-Methionine, Ascorbic Acid, Choline Chloride, Vitamin E Supplement, Sodium Selenite, Ferrous Sulfate, Zinc Sulfate, Manganese Sulfate, Niacin Supplement, Vitamin D3 Supplement, Biotin, Calcium Pantothenate, Vitamin B12 Supplement, Menadione Sodium Bisulfite Complex (vitamin K), Folic Acid, Vitamin A Supplement, Riboflavin Supplement, Cobalt Sulfate, Thiamine Mononitrate, Pyridoxine Hydrochloride, Ethylenediamine Dihydroiodide

Guaranteed Analysis:

Crude Protein, Min.	35.00%
Crude Fat, Min.	25.00%
Crude Fiber, Max.	0.10%
Calcium, Min.	0.75%
Calcium, Max.	1.25%
Phosphorus, Min.	0.70%
Sodium, Max.	1.00%
Selenium, Min.	0.30 ppm
Vitamin A, Min.	20,000 IU/lb
Vitamin D3, Min.	5,000 IU/lb
Vitamin E, Min.	150 IU/lb
Globulin Protein, Min.	14.30%

Approved For Use On:

Newborn lambs and goat kids.

Benefits:

- Contains 8 grams of globulin protein per 2 oz of powder, bolstering immune function during the crucial early stages.
- High fat content promotes an energy boost at birth.
- Fortified with vital vitamins and minerals for a strong start.
- Promotes healthy nutrition for lambs and goat kids that received little-to-no maternal colostrum at birth.
- Convenient, multi-dose pouch that contains a scoop for accurate and easy feeding.

Packaging:

10 oz. pouch, 10 pouches/case, UPC# 7-45801-10209-5

Dura-Start

LAMB & KID

Colostrum Replacer

Directions for Use:

MIXING DIRECTIONS: Mix 2 ounces (~ 4 scoops) of Dura-Start Lamb & Kid into 7 ounces of warm water (110-120°F). Feed solution at body temperature (~ 104°F). See the feeding chart below for mixing directions:

Lamb or Kid Birthweight	Total # of Scoops to Replace Maternal Colostrum	Total # of Scoops to Supplement Maternal Colostrum	# of Feedings*
4 lb	4	1	2
8 lb	8	2	2
12 lb	12	3	2-3
14 lb	16	4	2-3

* Plan 2 to 3 feedings of mixed solution within the first 8 hours.

**Enclosed scoop holds approximately 0.5 ounces of powder.

Weigh powder for best accuracy.

Refrigerate unused colostrum supplement solution promptly after mixing. Reheat gently over warm water and mix thoroughly before feeding. Do not microwave or freeze the solution. Discard any unused refrigerated colostrum supplement solution after 8 hours.

DIRECTIONS FOR USE: (See chart above for Mixing Instructions)

When Fed as a Replacer:

Feed 7 fluid ounces of mixed solution per 4 lb of bodyweight. Split this mixed solution into 2-3 feedings over the first 8 hours of life.

When Fed as a Supplement:

Feed 3.5 fluid ounces of mixed solution per 4 lb of bodyweight. The mixed solution can be added to maternal colostrum if there is not enough quantity or if quality of the maternal colostrum is unknown as may be the case in multiple births. Lambs and kids also benefit from feeding supplemental colostrum past day one.

Offer fresh water at all times.

Three outstanding formulations!
